**Guide to Finding Datasets through the UW Madison Libraries**

1. **Start Your Search:** Go to the UW Madison Library website at library.wisc.edu and click on the Find tab.

2. **Find the Databases:** On the following page, scroll down to the Database section and select "Browse by Type."

3. **Select the Type of Database:** This will bring you to a page where you can search by the specific name of the database you are looking for. If you don't have a specific database in mind, scroll down and select "Datasets."

4. **Browse the Datasets:** Now you can browse the datasets available through the library. If you need further assistance, you can reach out to a librarian or look through the subject guides using the links on the right side of the page.
